

Instructions for online Commercial Use FAS Permit application *after March 1st, 2007*:

- 1) Go to <https://app.mt.gov/Als/Index>
- 2) You will see three choices on the left. If you're a Montana resident, click on "I am a Montana Resident with a Montana Drivers License or a Montana Photo ID". If you're not a resident, click on "I am not a Montana resident".
- 3) Residents will be asked for their first name, last name, ALS number, and MT drivers license number. Non-residents will be asked only for their first name, last name, and ALS number. Click Submit.
- 4) Agree / disagree with the 'Statement of Residency'. Click Submit.
- 5) You'll be at the license choices page. If you want to get your conservation license and fishing license combo AND your FAS Permit all at once, check the appropriate 'quantity' boxes for each license. The FAS Permits are next-to-last at the bottom of the page. Click Submit.
- 6) You'll be shown what licenses you've chosen and asked for your outfitter or guide license number. Fill it in and click Submit.
- 7) You'll be again shown the licenses you've applied for, their cost, and an additional 'convenience fee' of approximately \$4. Click Proceed to Checkout.
- 8) Fill in the information requested, Submit.
- 9) Fill in your credit card info, hit Submit for Purchase. BE PATIENT! It can take a while to process. DON'T RESUBMIT or you may be charged twice.
- 10) You should get a receipt page you can print and a link to a temporary license you can use until the real one is mailed to you. **PRINT AND KEEP A COPY OF THE RECEIPT PAGE.** NOTE: a trial run printing of the 'temporary license' showed only the conservation/fishing license combo, no FAS Permit. The FAS Permit will be mailed to you with the regular licenses.
